WARE FC RESERVE TEAM RESULTS

THE MATCH STATISTICS IN THIS FILE CONTAIN INFORMATION ON THE COMPETITION (HEADED "COMP" IN THE TABLES) THAT GAMES WERE PLAYED IN. THE ABBREVIATIONS USED UNDER THIS HEADING HAVE THE FOLLOWING MEANINGS.

The reserve side has been known under a number of different names. Between the two world wars it was often referred to as the A Team before reverting to Ware Reserves in 1946. More recently the idea of a reserve side has been realised first in the shape of an under-21 team and then as an under-23 one. The competitions entered in the current century have reflected that.

		Nominally a league game but treated as a friendly. Ware arrived with only nine players and used two spectators as "substitutes". They conceded the two points to Hoddesdon, so was this effectively a league game after all? The league table doesn't provide evidence one way or the other that the score was incorporated.

It's not clear why the league fixtures with Argos Reserves were both at home but they had asked to postpone the second game as they had a cup tie (for their first team?). Ware put this to the East Herts League and it may be that they made Argos play their home game at Ware.
